FUNDAMENTAL WESLEYAN CONFERENCE
OCTOBER 28-30, 2015

AT SOUTHERN METHODIST COLLEGE
ORANGEBURG, SC

Hear Dr. Norman Geisler

A prolific author, veteran professor, speaker, lecturer, traveler, philosopher, apologist, evangelist, and theologian, Norm has authored/coauthored over 90 books and hundreds of articles. He has taught theology, philosophy, and apologetics on the college or graduate level for over 50 years. He was the first president of Evangelical Philosophical Society (1976) and co-founder of the International Council of Biblical Inerrancy (1978).

We are living in an era when Wesleyan-Arminian theology is being articulated by apostates. The modern Wesleyan movement has been hijacked by an academic guild that uses Wesley's name while undermining everything historic Methodism affirmed.

We oppose the heresy that God evolves, changes, makes mistakes, and does not know the future. We reject the new holiness that asserts sexual orientation is not a spiritual issue.

If you are part of the academic bureaucracy who is committed to protecting the status quo, then don't bother to come. We need revival, but before we can have revival we need a reformation. God will not bless anything which dishonors his Word. Why should we take seriously anyone who claims to have found error in the Word of God?

This is a call to all the little people who are tired of being told that we don't understand the issues, but that we should keep sending our money to the denominational headquarters. We are committed to a return to biblical authority which will be the foundation of any meaningful reformation, revival, and church growth.

-Dr. Vic Reasoner
